EDUCATION

- Cairo University, Faculty of Computer Science and AI, Major: Information Systems
- Graduated: 2024 | GPA: 3.1/4 (B+)

TECHNICAL SKILLS

- Programming Languages: C#, HTML, CSS, SQL
- Frameworks & Tools: .NET, LINQ, Docker
- Concepts: OOP, Design Principles, RESTful APIs, MVC Architecture
- Other Skills: Database Design, Problem Solving, Version Control (Git)

PROJECTS

- E-commerce Platform: Developed a comprehensive online store with features like product listings, user authentication, and payment integration using .NET, LINQ, SQL Server.
- Online Learning Platform: Built an interactive platform for course enrollment, progress tracking, and analytics using C#, MVC, SQL Server.
- Library Management System: Created a web app for book management, rentals, and sales with charts for revenue analysis using .NET MVC, LINQ .

EXPERIENCE

- Trainee at ITI: Participated in backend development training sessions, solving coding challenges, and working on real-world applications. Focused on MVC architecture and RESTful APIs.

CERTIFICATIONS & ACHIEVEMENTS

- 100% Performance in First Problem-Solving Challenge on LeetCode.
- Completion of backend development training at ITI.

EXTRACURRICULAR ACTIVITIES

- Active contributor on LeetCode with problem-solving achievements.

LANGUAGES

- Fluent in English and Arabic.
